You should enjoy what you drink. Small details, compounded, make for an improved end result. We took a long look at hard seltzer and decided it could be done better.

The story of Two ROBBERS, as told by the company's founders, is a pleasant one. A story of turning adversity into creativity, overcoming hardship. It starts in 2017, with two brothers in Philadelphia, the children of an immigrant family, with zero experience in the world of beverages,

but a strong desire to create their own world. They had a foundational idea about hard seltzers, they could brew a drink with a crisp, delicious taste, honest ingredients, no sugar, and no sweeteners, that people would rally around. They almost didn't make it. After months of research and development, their home was broken into and robbed - Twice. Within a few weeks. They were "this" close to closing shop, but instead doubled down.

Hence

"TWO ROBBERS"

get it?

A beautiful tale, and one as old and untrue as the American Dream. For the first time ever we are publishing the true story of TWO ROBBERS. We can only promise to tell how this story begins. Where will it end? We are still trying to figure that out.

Two Robbers Product Catalogue

Available in 6 packs
& mixed variety packs

1

Pineapple Ginger, A.K.A. the "PG," a.k.a. the "Pin-Gin." Our pineapple ginger hard seltzer marries the tropical notes of pineapple with a subtle kick from the ginger. Here to prove to you that sometimes you can get the best of both worlds.

2

Quite simply two of our favorite ingredients in any cocktail, the Watermelon and Cucumber is a perfectly refreshing hard seltzer, guaranteed to elevate any occasion. Sort of like a fancy gin and tonic, but at the family BBQ. Pinkies up for this one.

3

Our Grapefruit Kiwi is simply put, summer in a can. Tropical and citrus notes coming from the grapefruit are complemented by kiwi's fresh sweetness, perfectly balancing both taste and aroma.

4

Growing up, our kitchen was always stocked with two fruits - oranges and mangoes. So naturally, this was the first hard seltzer we came out with. A natural and balanced blend of the orange "citrus" and mango "sweetness," with neither fruit more overpowering than the other.

- 1 Pineapple Ginger
- 2 Watermelon Cucumber
- 3 Grapefruit Kiwi
- 4 Orange Mango
- 5 Peach Berry
- 6 Raspberry Lime
- 7 Black Cherry Lemon

Q: What makes Two Robbers the best tasting seltzer?
